Charismatic all-rounder with all-wheel drive: new Golf Alltrack now available to order

- Confident: the Golf Alltrack with all-wheel drive, increased ground clearance and 200 PS TDI engine makes sure that its passengers reach their destination safely even on difficult terrain
- Crossover: the new Golf Alltrack combines the high travel comfort and dynamic performance of a powerful passenger car with the allroad characteristics of a talented SUV
- Charismatic: the Golf Alltrack also impresses with its sporty, expressive design and comprehensive equipment

Wolfsburg (Germany) – The Golf Alltrack is a crossover of Golf Variant and SUV. A new generation of the all-wheel-drive all-rounder is now being launched. It is based on the eighth, completely new Golf generation. Traction is delivered by most powerful turbocharged diesel engine (TDI) ever used in a Golf with an output of 147 kW (200 PS)¹. The rugged all-terrain equipment includes unique bumpers, wheel arch extensions and side sills, engine skid plate as well as increased ground clearance. Including navigation system, prices in Germany start from 39,337,64² euros.

The new Golf Alltrack

up to 229 km/h offers a very high level of travel comfort and space for five persons plus luggage (611 litres).

The all-round characteristics are matched by an NEDC fuel consumption of only 4.9 to 4.8 l/100 km. This means that ranges of around 1,000 kilometres are possible between two refuelling stops. It is also a fact that the very powerful TDI engine (400 Nm torque) is one of the cleanest of its kind worldwide. This is achieved by the use of innovative twin-dosing technology: here, double AdBlue injection in two SCR catalytic converters³ arranged one after the other converts nitrogen oxides (NOx) into hydrogen and harmless nitrogen.

As the flagship of the Golf Variant models, the independent Alltrack offers exclusive standard equipment that cannot be configured in this combination for other models in the product line. The all-round all-terrain cladding is finished in matt black. Accents in matt chrome look are also used on the side sills and in the front bumper. These visually

match the burnished 17-inch Ronda alloy wheels and the silver roof railings. As the only Variant model, the Alltrack is also equipped as standard with an LED light strip in the radiator grille (between the LED Plus headlights) and LED fog lights in a striking X formation.

As standard, the lifestyle all-rounder also features driving profile selection with an additional off-road mode that makes driving on off-road terrain even easier. The other standard equipment of the Golf Alltrack includes interior background lighting (adjustable in 30 colours), high-quality interior accents (Nature Cross Brushed), the Discover Media navigation system including App-Connect Wireless (smartphone integration) and DAB+ (digital radio reception), heated comfort seats at the front with Alltrack lettering in the backrests, a multifunction steering wheel in leather and stainless steel pedals.

In addition, all Golf Variant models feature details such as the lane keeping system Lane Assist, Autonomous Emergency Braking Front Assist with City Emergency Braking System and Pedestrian Monitoring, an oncoming vehicle braking when turning function, Driver Alert System, the electronic differential lock XDS and the Car2X local warning system. Also always on board: the Digital Cockpit Pro (digital instruments), the We Connect and We Connect Plus online services and functions, the Air Care Climatronic automatic air conditioner, the keyless comfort start function Keyless Start, a Bluetooth mobile phone interface, comfort seats as well as LED headlights and LED tail light clusters including automatic headlight control.

1.) Golf Alltrack 2.0 TDI 4MOTION DSG, 147 kW (200 PS). NEDC fuel consumption in l/100 km: urban 6.1–6.0, extra-urban 4.3–4.2, combined 4.9–4.8; CO₂ emissions combined in g/km: 130–128; efficiency class: A

2.) Price in Germany including 16 % value added tax, valid until 31 December 2020.

3.) SCR: Selective Catalytic Reduction.

About the Volkswagen brand:
