# Golf GTI EDITION 50

International Media Drive  
Barcelona, January 2026

**More power.** The new Golf GTI EDITION 50<sup>1</sup> marks yet another milestone in the 50-year history of the iconic compact sports car: with an output of 239 kW (325 PS), the anniversary model is the most powerful of all series production Golf GTI models to date. A maximum speed of 270 km/h also makes it the fastest production model from the Volkswagen brand. Only the Golf R<sup>2</sup> also achieves this speed with an optional R-Performance package. Pre-sales for the Golf GTI EDITION 50 have already started.

**More performance.** The DCC sports chassis, front differential lock and the agile and precise progressive steering – all of which come as standard in the EDITION 50 – deliver driving dynamics in their purest form. Like the Golf GTI Clubsport<sup>3</sup>, the Golf GTI EDITION 50 also offers an additional driving profile: Special mode. The drive, steering and DCC sports chassis are consistently tuned to the special features of the Nürburgring Nordschleife.

**More dynamic.** The optional GTI Performance Package EDITION 50 reduces the GTI's weight by around 25 kg and delivers an additional boost to driving dynamics with its chassis upgrade. The package includes an exhaust system with titanium tailpipes, lighter 19-inch forged wheels (Warmenau design) and a modified chassis with further lowering (5 mm lower, now 20 mm). Paired with the package in this case at no extra cost: 235/35 semi-slick tyres<sup>4</sup>.

**More refined.** The exclusive standard equipment package<sup>4</sup> includes features such as custom 19-inch alloy wheels (Queenstown design), GTI 50 logos on the roof spoiler and exterior mirror housings, privacy glazing in the rear, bumpers with a Clubsport look, black tailpipes, IQ.LIGHT LED matrix headlights and 3D LED tail light clusters. The interior is customised to match: sports seats with Clark GTI 50 seat cover pattern, GTI 50 logos (steering wheel, sill panel moulding, vehicle key), steering wheel trim and interior door handles in Dark Anodised finish (dark aluminium), red seat belts and red rubber pads on the accelerator and brake pedals.

## Exterior colours

(roof in black as standard)

### Standard

● Pure White

### Optional

- Tornado Red
- Dark Moss Green metallic
- Moonstone Grey
- Grenadilla Black metallic

1. Golf GTI EDITION 50 – Combined fuel consumption: 7.9–7.6 l/100 km; combined CO<sub>2</sub> emissions: 179–173 g/km; CO<sub>2</sub> class: G–F

2. Golf R – Combined fuel consumption: 8.4–8.1 l/100 km; combined CO<sub>2</sub> emissions: 192–183 g/km; CO<sub>2</sub> class: G

3. Golf GTI Clubsport – Combined fuel consumption: 7.6–7.3 l/100 km; combined CO<sub>2</sub> emissions: 174–166 g/km; CO<sub>2</sub> class: F

4. All equipment information applies to the model range offered in Germany. There may be differences for other countries

## Factsheet

# Golf GTI EDITION 50

International Media Drive  
Barcelona, January 2026

### Alloy and forged wheels

#### Standard

- 19-inch Queenstown alloy wheel in Black, diamond-cut finish with red glaze varnish
- 19-inch Queenstown alloy wheel in black, diamond-cut finish

#### Optional

- 19-inch Estoril alloy wheel in black, diamond-cut finish, Volkswagen R
- 19-inch Estoril alloy wheel in black, Volkswagen R
- 19-inch Warmenau forged wheel in Dark Graphite, diamond-cut finish, Volkswagen R
- 19-inch Warmenau forged wheel in Black, Volkswagen R
- 18-inch Bergamo alloy winter wheel, painted Silver

### Drive

- Designation: TFSI
- Type: Turbocharged petrol engine
- Capacity: 1,984 cm<sup>3</sup>
- Output: 239 kW (325 PS)
- Maximum torque: 420 Nm
- Gearbox: Seven-speed direct shift gearbox (DQ381-7F)
- Front-wheel drive
- Electronically controlled front differential lock
- Emissions class: EURO 6 EB

### Luggage compartment capacity

Luggage compartment volume	374 litres
Largest luggage compartment volume - behind the 1st row of seats	1,230 litres
Luggage compartment length up to 2nd row of seats	787 mm
Luggage compartment length up to 1st row of seats	1,545 mm
Width between wheel housings	1,003 mm

### Performance / noise

- Top speed: 270 km/h
- 0-100 km/h: 5.3 seconds
- Vehicle noise: 71 dB(A)

### Dimensions and weights

Length:	4,292 mm
Wheelbase:	2,629 mm
Width excluding exterior mirrors:	1,789 mm
Width with wing mirrors:	2,073 mm
Height:	1,463
Kerb weight:	1,470 kg
Turning circle:	approx. 12.0 m
Fuel tank:	50 litres
Headroom, 1st row of seats:	1,018 mm
Headroom, 2nd row of seats:	968 mm
Internal width, 1st row of seats:	1,471 mm
Internal width, 2nd row of seats:	1,440 mm

1. Golf GTI EDITION 50 -  
Combined fuel consumption:  
7.9–7.6 l/100 km; combined CO<sub>2</sub>  
emissions: 179–173 g/km;  
CO<sub>2</sub> class: G-F
